Revision: 04152022

1. Product Overview

- Economical for stocking large quantities for mass casualty incidents.
- Seamless design for quick and easy cleaning.
- Both rigid and lightweight, weighing only 14 pounds.
- Occupies minimal storage space, measuring 72" x 16" x 1³/₄".
- Backboards without pins are 100% x-ray translucent.
- Optional pins are molded into the board, increasing their durability.
- Oversized handholds allow for Loop-Lok straps to be attached easily in pinned slots, and accommodate gloved hands.
- Handholds are raised for easy lifting and preventing scraped knuckles and straps.
- Recessed edge contours provide extra stabilization of standard head immobilizers.
- Tapered towards foot end for easy extrication in coned areas.
- Tapered end provides a more narrow area ideal for pediatric use.
- Made in the USA.
