1. Product Overview

Pediatric spine board is 100% X-Ray Translucent. This pediatric spine board is sized specifically for safe, effective transport of children. This item is ideal for youth camps and schools.

- Seamless design for quick and easy cleaning.
- Both rigid and lightweight, weighing only 10 pounds.
- Occupies minimal storage space, measuring 58" x 15" x 3".
- Backboards without pins are 100% x-ray translucent.
- Optional pins are molded into the board, increasing their durability.
- Handholds are raised for easy lifting and preventing scraped knuckles and straps.
- Recessed edge contours provide extra stabilization of standard head immobilizers.
- Tapered end provides a narrower area ideal for pediatric use.
- Made in the USA
