Revision: 08/01/2025

1. Product Overview

- The face shield's wrap-around design provides the wearer with great peripheral vision while acting as a protective shield against non-hazardous liquid splash and light particles in a lab or controlled environment.
- The face shield is not ANSI Z87 rated for eye protection.
- You can wear the lightweight shield comfortably for long periods and it fits easily over prescription glasses or protective eyewear.
- For safe working conditions, the face shield is low distorting and 100% optically clear while the headband securely positions the device on the wearer.
- Clear, anti-fog protection with 180-degree coverage.
